Atlantis and the Silver City Peter Daughtrey 2013-03-05
Delve into an ancient mystery and witness the unveiling of the most complete and persuasive evidence for the real location of the lost empire of Atlantis. More than two thousand years ago, Plato laid out a series of cryptic clues about the location of Atlantis. Since then, countless experts have tried to crack his code. Today, some experts claim Atlantis lies under the volcanic rocks of Santorini. Others place it in the Bermuda Triangle or off the coast of Africa or say it vanished forever beneath the waves of the Atlantic Ocean. But what if Atlantis is closer than we think? What if we could walk the streets of its ancient capital today? After a twenty-year forensic examination of

Plato's writings, Peter Daughtrey believes we can do just that. Having matched an unprecedented number of Plato's clues to a modern locale, Daughtrey pinpoints the exact location of the once-glistening capital city of Atlantis and outlines the full reach of the empire. Daughtrey's quest takes him from the dusty stone quarries of Portugal and the hieroglyphs of Egyptian temples to the newly refurbished museums of Baghdad. Along the way, he unearths long-forgotten, vitally significant artifacts, pieces together sensational evidence of a lost alphabet, and identifies today's descendants of this early civilization—and even reveals the location of another undersea settlement from the empire of Atlantis. Hailed as “an intriguing, thought-provoking read” by Graham Hancock, the bestselling author of *Fingerprints of the Gods*, *Atlantis and the Silver City* is a detailed and accurate account of an adventurous journey of discovery, told with enthusiasm and verve.

The Egypt Code Robert Bauval 2007-10-01 Why did the ancients align their monuments so precisely with the stars? What were the practical and symbolic reasons behind these mysterious configurations? From the author of *The Orion Mystery*, the best-selling book that introduced the revolutionary star-correlation theory

about the Giza pyramids, The Egypt Code reveals an amazing Grand Unified Plan behind the legendary temples of upper Egypt. Robert Bauval, one of the world's most prominent and controversial Egyptologists, completes his groundbreaking investigation of astronomy as related to Egyptian monuments and related religious texts. The Egypt Code revisits the Pyramid Age and the Old Kingdom, proposing a vast sky-ground correlation for the Memphite-Heliopolis region, and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile. The central idea of the book is that the cosmic order, which the ancients referred to as "Maat," was comprised of the observable cycles of the sun and stars, in particular the star Sirius, and that the changes that took place due to the precession of the equinoxes and the so-called Sothic Cycle are reflected in the orientation and location of religious sites.

Ancient Aliens The Producers of Ancient Aliens 2016-11-15 The first official companion book to HISTORY@ network's hit series Ancient Aliens@: a powerful journey through human history that explores fascinating unanswered questions about the origins of our civilizations. With a foreword by Series Creator, Kevin Burns. Millions of people around the world believe we have been visited in the past by extraterrestrial beings. What if it were true? And if so, what if there were clues left behind? Each week, hundreds of thousands of viewers tune in to the wildly popular Ancient Aliens@ television series to seek insight into those very questions—and to become part of a thrilling, probing exploration of the mysteries at the heart of world civilizations. The first official companion book to the hit show, Ancient Aliens@ takes readers even deeper into the mysteries that have made the show a pop culture phenomenon. Filled with exciting insights and behind-the-scenes stories from the show's creators and leading experts in ancient alien theory, the book explores the key questions at the heart of the series: Who were they?

Why did they come? What did they leave behind? Where did they go? Will they return? Transporting readers around the globe, Ancient Aliens@ explores the fascinating enigmas and mysterious artifacts our ancestors left behind, from incredible objects to amazingly accurate ancient maps; from the Great Pyramid of Giza and stone megaliths at Gobekli Tepe to the Nazca Plains and mysterious structures of Puma Punku. Accompanied by lavish 4-color photography throughout, the book allows armchair archaeologists to examine the evidence up close for the first time. Both the ultimate-fan book and the perfect gift for readers new to the show, Ancient Aliens@ is a compelling journey through the mysteries of our ancient civilizations and the possibility of alien influence on our cultures.

Chariot of the gods? Unsolved mysteries of the past. Tr. by Michael Heron Erich von Däniken 1969 Were visitors from outer space responsible for the fantastic and unexplained ruins left behind by ancient civilizations? From Science to God Peter Russell 2010-02-08 From Science to God offers a crash course in the nature of reality. It is the story of Peter Russell's lifelong exploration into the nature of consciousness – how he went from being a strict atheist, studying mathematics and physics at Cambridge University, to realizing a profound personal synthesis of the mystical and scientific. Using his own tale of curiosity and exploration as the book's backbone, Russell blends physics, psychology, and philosophy to reach a new worldview in which consciousness is a fundamental quality of creation. He shows how all the ingredients for this worldview are in place; nothing new needs to be discovered. We have only to put the pieces together and explore the new picture of reality that emerges. From Science to God is as much a personal story of an open-minded skeptic as it is a tour de force of scientific and religious paradigm shifts. Russell takes us from Galileo's den to the lecture halls of Cambridge where he studied with Stephen Hawking. "If you had asked me then if there was a God," says the best-selling author of his

scientific beginnings, "I would have pointed to mathematics." But no matter what empirical truths science offered Russell, one thorny question remained: How can something as immaterial as consciousness, ever arise from something as unconscious as matter?

The Unidentified Colin Dickey 2021-07-20 "Absolutely perfect for the current moment." --Buzzfeed America's favorite cultural historian and author of *Ghostland* takes a tour of the country's most persistent "unexplained" phenomena In a world where rational, scientific explanations are more available than ever, belief in the unprovable and irrational--in fringe--is on the rise: from Atlantis to aliens, from Flat Earth to the Loch Ness monster, the list goes on. It seems the more our maps of the known world get filled in, the more we crave mysterious locations full of strange creatures. Enter Colin Dickey, Cultural Historian and Tour Guide of the Weird. With the same curiosity and insight that made *Ghostland* a hit with readers and critics, Colin looks at what all fringe beliefs have in common, explaining that today's Illuminati is yesterday's Flat Earth: the attempt to find meaning in a world stripped of wonder. Dickey visits the wacky sites of America's wildest fringe beliefs--from the famed Mount Shasta where the ancient race (or extra-terrestrials, or possibly both, depending on who you ask) called Lemurians are said to roam, to the museum containing the last remaining "evidence" of the great Kentucky Meat Shower--investigating how these theories come about, why they take hold, and why as Americans we keep inventing and re-inventing them decade after decade. *The Unidentified* is Colin Dickey at his best: curious, wry, brilliant in his analysis, yet eminently readable.

The Gods Never Left Us Erich von Däniken 2017-11-20 The Long Awaited Sequel to the Worldwide Best-seller *Chariots of the Gods* When *Chariots of the Gods* was published 50 years ago, it began a worldwide change in humanity's view of the cosmos. In an era of the military space race, Erich von Däniken boldly proclaimed that Earth had been visited by more advanced beings early in

our history. But prescientific man had no concept of space ships, so he called their vehicles "chariots," and those driving the chariots became "gods." Over the next five decades, von Däniken's more than 40 books built an ever-stronger case for Earth being visited by extraterrestrial visitors. And *Chariots* became an international best seller, with 30 million copies sold in more than two dozen languages. Also during that time, the case for ET visitations millennia ago was being reexamined by contemporary UFO researchers, who found evidence of modern visitations. And von Däniken expanded his perspective to encompass the present. Now, he presents his long-awaited sequel to *Chariots of the Gods*, proclaiming that the gods never left us with all-new material to show that ancient aliens are still with us. *The Gods Never Left Us* contends that recent advancements in biotechnology, astrophysics, engineering, and artificial intelligence not only give us a fresh perspective on his ancient astronaut theory but actually validates it. We are--as a race--embarking on the exact same trajectory of our own interplanetary colonization, just as von Däniken suggested Earth itself was colonized. ETs are definitely at work today. And that affects all of us. Why do they do what they do? What could an extraterrestrial species possibly gain from observing us in the same way we look at ants? What have these strangers wanted for the past thousands of years? Can't they leave us alone? And what makes it so difficult for us to acknowledge the existence of these extraterrestrials? That is what this book deals with. "Erich's newest book is a fascination journey from the ancient past into the present with a plethora of scientific evidence and documented research. As always, he ads his own "to the point" take on it all. Readers may also like that his newest work moves in a slightly different direction from his past books. A thoroughly enlightening and enjoyable Read." --Bruce Cunningham, Director, Ancient Mysteries International LLC & Publisher of *Advanced Archaeology Review* magazine

Evidence of the Gods Erich von Däniken 2012-11-22

Ancient humans had the natural urge to document the world in which they lived, a fact that is evident in the cave paintings and carvings that still exist today. Why do rock paintings from various sites around the world all seem to depict the same things? Did the peoples of the prehistoric world have contact with each another? Is it possible that some were transported to far-flung locations in what our ancestors could only have described as "flying chariots"? Erich von Däniken, one of the best-selling authors of all time and regarded by many as the father of the ancient alien theory, continues his mission to uncover Earth's ancient past—this time with more than 150 extraordinary full-color photographs—in Evidence of the Gods. This extensively illustrated book features never-before-seen photographs from his unique archive, compiled throughout decades of searching around the world for traces of the cosmic gods whom he believes came to Earth thousands of years ago. Evidence of the Gods offers the best and most impressive evidence to date, along with concise explanations for the images, to bolster the case that von Däniken has already been making quite convincingly for years. Evidence of the Gods is his most convincing—and thoroughly entertaining—work yet. Did extraterrestrial visitors really leave their unmistakable traces on our planet thousands of years ago? The images will speak for themselves.

Eyewitness to the Gods Erich Von Daniken 2019-10 The father of the ancient alien theory with more than 65 million books sold reveals everything he has withheld for years. In all his years of service, why didn't Erich von Däniken ever doubt his theory that inhabitants of

other planets had come into contact with humanity ages ago, and that they still observe us today? How could von Däniken in all these years say firmly that the UFO phenomenon is real and that people are being abducted by aliens? Why does he repeatedly criticize the official historiography and our religions and thus accept scorn and hostility? The answers to these questions are: Because Erich von Däniken spoke to people who supported his theories. Because people who saw UFOs or were kidnapped by aliens trusted him. And because experts and insiders inaugurated secrets known to only a few people. In this book, the now 81-year-old presents selected eyewitnesses and insiders for the first time, reveals secrets and stories that he has hitherto kept private, and presents reports and revelations that leave one speechless!

The Reign of the Vedic Gods Swami Achuthananda

2018-06-06 Home to one of the ancient civilizations of the world, India is also the birthplace of a dizzying array of gods worshipped by millions of Hindus living in India and across the globe. Over the centuries many of these gods rose to power and became the object of utmost devotion, only to fall from grace and lose their standing. These deities shared a peculiar trait: they were never perfect. In this multivolume series entitled, The Galaxy of Hindu Gods, Sach takes you on an extended journey to meet with the gods and share their tales with you. Among the multitude of deities, the most ancient are the Vedic gods, which include luminaries like Indra, Surya, Varuna, Agni, and others. Today a minor deity, the Vedic Indra was once the ruler of the three worlds who, under the influence of a mysterious power drink, fought with the demons and vanquished them. His reign did not last long. His comrades Surya and Varuna also had their glory days but were overthrown by other gods of the pantheon. Yet, after thousands of years, gods like Indra, Surya, and Varuna are still household names and honored in Hindu rituals and traditions. If you know little or nothing about Hindu mythology, this is your ideal starting point where you will meet the

overwhelming array of Hindu gods and learn about their wonderful stories.

Chariots of Gods Unknown: Unsolved Mysteries of the Past

Robert Charroux 2017-05 Long before Erich von Daniken wrote Chariots of the Gods, Robert Charroux was writing about our historical visitors from outer space, otherwise called "Ancient Astronauts" or "Ancient Aliens," and stimulating his readers to deep thought and further investigation. This book is no exception. Chariots of Unknown Gods reveals unsuspected conceptual constructs, especially of the hitherto unpublished history of our Celtic ancestors - a history unpublished, and actually interdicted, because it runs counter to some of the statements made in the Bible, in Sumerian and other scriptures, and by historians and prehistorians. The whole history of Western civilization has, in fact, been deliberately distorted in order to develop a mental outlook encouraging particular modes of thought, behavior, and social structure. Charroux, who notably has worked with William Shatner and Leonard Nimoy on television documentaries concerning this topic, has prepared a serious work where nothing was shirked or neglected, and for which he dedicated himself to worldwide research. In 1968, for example, he covered 25,000 miles, traveling all over Mexico, Libya, and Tunisia. Few writers show such dedication and professional integrity in checking their sources. Charroux's readers will find in his immense documentation many ideas and proofs that will open up new vistas of understanding.

World Famous Unsolved Mysteries Abhay Kumar Dubey 2012-04-01 If you are tired or bored with routine - or simply want to relax after busy work schedule, this book will prove the best companion. In fact, thrillers have always fascinated the young and old alike. There is no clear-cut demarcation line between myth and history, or between appearance and reality. Many mysteries have been solved but there are still many more which have remained unsolved and defied all rational explanations.

The Gods Were Astronauts Erich von Däniken 2002 Why do

nearly all the world's major religions share similar myths? Erich Von Däniken, author of the runaway international bestseller Chariots of the Gods, believes he knows: the winged deities populating ancient religious texts were in reality extraterrestrials. Fully illustrated with compelling color and black-and-white photographs, the book takes us from Myanmar to Peru's and Egypt's unexplained "landing strips."

The Return of the Gods Erich von Däniken 2002 With more than 140 photographs, maps, models, and drawings, Von Dniken applies the same fact-filled analysis to Nazca—an ancient, isolated settlement deep in the Peruvian desert—that launched his 1968 bestseller Chariots of the Gods. He analyzes aerial views and closeups of extraordinary markings that stretch for miles, forming complex designs noticeable only from the air.

Bloodline of the Gods Nick Redfern 2015-08-17 Are significant numbers of humanity the product of an ancient and advanced alien civilization? Have we, across the millennia, been periodically modified and refined as a species? In short, has our genetic make-up been manipulated by otherworldly beings that view human civilization as one big lab experiment? These are controversial and thought-provoking questions. They are also questions that demand answers, answers that may very well be found by examining those people whose blood type is Rh negative. The vast majority of humankind—85 to 90 percent—is Rh positive, which means a person's red blood cells contain an antigen directly connected to the Rhesus monkey. This antigen is known as the Rh factor. Each and every primate on the planet has this antigen, except for one: the remaining 10 to 15 percent of humans. If the theory of evolution is valid—that each and every one of us is descended from ancient

primates—shouldn't we all be Rh positive? Yes, we should. But we're not. The Negatives are unlike the rest of us. They are different. They are the unique individuals whose bloodline may have nothing less than extraterrestrial origins.

Titan's Curse, The (Percy Jackson and the Olympians, Book 3) Rick Riordan 2009-05-02 When the goddess Artemis goes missing, she is believed to have been kidnapped. And now it's up to Percy and his friends to find out what happened. Who is powerful enough to kidnap a goddess?

The Encyclopedia of Unsolved Mysteries Colin Wilson 2015-08-25 From the bestselling author of THE OUTSIDER Is the Shroud of Turin a holy relic or a clever fake? What was the coded message that made a poor French priest a millionaire, and does it prove that the crucifixion was a fraud? And what lies at the bottom of the 200-foot shaft on Oak Island, Newfoundland, where two centuries of digging have yet to unearth the buried treasure that must be there? In THE ENCYCLOPEDIA OF UNSOLVED MYSTERIES, Colin Wilson presents an astonishing variety of unsolved riddles and enduring enigmas to prove that our everyday world is stranger than we believe, wilder than we can imagine. Ranging in content from Atlantis to the Bermuda Triangle and from Kaspar Hauser to the identity of Shakespeare, Colin Wilson's ENCYCLOPEDIA OF UNSOLVED MYSTERIES is a comprehensive examination of the most baffling mysteries of our time.

Secret History Nick Redfern 2015-04-20 History is written by the winners—and the powerful—but how much of it is fiction? And who is really in control today? From the dawn of civilization to the 21st century, from ancient aliens to the New World Order, Secret History: Conspiracies from Ancient Aliens to the New World Order examines, explores, and uncovers the hidden, overlooked, and buried history of mankind. The book moves from biblical, Egyptian, Mayan, Greek, and early mysteries of antiquity to the clandestine doings of the Nazis and the Masons and assassination plots of the more recent past

to the surveillance, monitoring, mind-control, and secret schemes of today. Researcher Nick Redfern investigates the stories, mythologies, lore behind incredible events and clandestine groups of yesterday and today. More than 60 entries dig deep into the manipulation of events by influential groups, including ... • Historical riddles—alien visitations, space gods, and human-alien crossbreeding. • Government cover ups—mind control, murders, scientists, and secret agents. • Powerful groups and intended consequences—9-11, new world order, bird-flu, and chemtrails. Tracing the chilling and lasting effects of conspiracies, cabals, and plots, Secret History: Conspiracies from Ancient Aliens to the New World Order exposes their deep reach in shaping today's world.
Physics of the Impossible Michio Kaku 2008-03-11 Teleportation, time machines, force fields, and interstellar space ships—the stuff of science fiction or potentially attainable future technologies? Inspired by the fantastic worlds of Star Trek, Star Wars, and Back to the Future, renowned theoretical physicist and bestselling author Michio Kaku takes an informed, serious, and often surprising look at what our current understanding of the universe's physical laws may permit in the near and distant future. Entertaining, informative, and imaginative, Physics of the Impossible probes the very limits of human ingenuity and scientific possibility.

Impossible Truths Erich Von Daniken 2018-01-16 The author of Chariots of the Gods presents astounding theories about alien contact with Earth from ancient history—updated with new evidence from his research into formerly inaccessible sites Why do flying machines and astronauts appear in the artworks and sacred texts of all ancient cultures? What is the meaning of the immense earth drawings, impossible to view from the ground, that can be found all over the globe? How could prehistoric cultures have engraved diorite and other hard rock with such incredible precision without the use of modern tools? In this mind-bending new book, Erich von

Däniken—bestselling author and expert on extraterrestrial influences on early civilization—draws on his latest research to update his astounding theory that the inhabitants of other planets have kept in contact with humankind since the earliest times. • Assess for yourself the stunning visual evidence presented in some 200 photographs. • Examine previously unpublished testimony from expert informants. • Discover new research undertaken by von Däniken after the opening up of previously inaccessible regions, such as the jungle city “Buritaca 200” in Colombia. Featuring profiles of Machu Picchu, the Nazca Lines, and other archaeological mysteries, *Impossible Truths* shines a startling new light on the true relationship between alien species and humankind.

Unsolved History Joe Nickell 2010-09-12 What constitutes historical truth is often subject to change. Joe Nickell demonstrates the techniques used in solving some of the world's most perplexing mysteries, such as the authenticity of Abraham Lincoln's celebrated Bixby letter, the 1913 disappearance of writer and journalist Ambrose Bierce, and the apparent real-life model for a mysterious character in a novel by Nathaniel Hawthorne. Nickell also uses newly uncovered evidence to further investigate the identity of the Nazi war criminal known as "Ivan the Terrible."

Gods from Outer Space Erich von Daniken 1974

Into the Bermuda Triangle Gian Quasar 2005-02-28 Still unsolved, still baffling, still claiming new victims. Here are the untold stories. A pilot reports a strange haze enveloping his plane, then disappears; eleven hours after fuel starvation, as if calling from a void, he is heard 600 miles away. He requests permission to land, then vanishes forever. A freighter steaming over placid seas disappears without a trace. A pleasure yacht ghosts

past without a soul on board. A pilot calls for help because a "weird object" is harassing his plane. A jet collides with an "unknown" and is never found. . . . Into the Bermuda Triangle is the first comprehensive examination of these baffling disappearances in more than a generation. Drawing on official reports from the NTSB and other investigative agencies as well as interviews with scientists, theorists, and survivors, leading authority Gian Quasar not only sets the record straight on previously examined cases, he also offers a bulging file of new cases, the collective results of his twelve-year investigation. In meticulous detail this unflinching account: Documents confirmed disappearances of airplanes and ships Gathers new testimony and reexamines old interviews from eyewitnesses and survivors Explores possible explanations ranging from zero-point energy to magnetic vortices Challenges our assumptions with the sheer weight of accumulated evidence In this age of technological and scientific discovery, there are still mysteries that transcend understanding. The Bermuda Triangle is one. "The best book I've ever read on this important subject."-Andrew Griffin, The Town Talk
Confessions of an Egyptologist Erich von Daniken 2021

"This book shares the story of Adel H., an Egyptologist, who, as a sixteen-year-old boy, was trapped for days under the Step Pyramid of Saqqara. Based on conversations with Adel H., the author tells of the boy's search for a way out of the underground world, how the boy roams passageways and chambers and sees what he calls 'impossible' things of which the professional world is completely unaware. Adel experiences uncanny events, a mixture of spirit realm and reality, that is described here for the first time. 'The story of Egypt,' Adel says, 'has two sides - the official one and the unknown one.'"
