Death in Medieval Europe Joelle Rollo-Koster 2016-10-04 Death in Medieval Europe: Death Scripted and Death Choreographed explores new cultural research into death and funeral practices in medieval Europe and demonstrates the important relationship between death and the world of the living in the Middle Ages. Across ten chapters, the articles in this volume survey the cultural effects of death. This volume explores overarching topics such as burials, commemorations, revenants, mourning practices and funerals, capital punishment, suspicious death, and death registrations using case studies from across Europe including England, Iceland, and Spain. Together these chapters discuss how death was ritualised and choreographed, but also how it was expressed in writing throughout various documentary sources including wills and death registries. In each instance, records are analysed through a cultural framework to better understand the importance of the authors of death and their audience. Drawing together and building upon the latest scholarship, this book is essential reading for all students and academics of death in the medieval period.

Tyranids 2012

The Wicked and the Damned Josh Reynolds 2019-04-02 A chilling mosaic novel by masters of their craft. On a misty cemetery world, three strangers are drawn together through mysterious circumstances. Each of them has a tale to tell of a narrow escape from death. Amid the toll of funerary bells and the creep and click of mortuary-servitors, the truth is confessed. But whose story can be trusted? Whose recollection is warped, even unto themselves? For these are strange stories of the uncanny, the irrational and the spine-chillingly frightening, where horrors abound and the dark depths of the human psyche is unearthed. A chilling portmanteau. I could feel the hairs on the back of my neck prickling. The perfect combination of horror and Warhammer 40,000.'
