LINES AND ANGLES 91 An acute angle measures between 0° and 90° , whereas a right angle is exactly equal to 90° . An angle greater than 90° but less than 180° is called an obtuse angle. Also, recall that a straight angle is equal to 180° . An angle which is greater than 180° but less than 360° is called a reflex angle. Further, two angles ...
