But Johnsny did not answer. The most lonely thing in the world is . a soul when it is preparing to go on its far journey. The ties that held . her to friendship and to earth were breaking, one by one. The day slowly passed. As it grew dark, they could still see the leaf hanging from its branch against the wall. And then, as the night

Lecture 12: Photodiode detectors - Lawrence Berkeley ...

7 Choice of photodiode materials A photodiode material should be chosen with a bandgap energy slightly less than the photon energy corresponding to the longest operating wavelength of the system. This gives a sufficiently high absorption coefficient to ensure a good response, and yet limits the number of thermally generated carriers in order to attain a low “dark current” (i.e.
