series of forty luminous sonnets. Some take a traditional form, while others experiment with the reader's conception of the sonnet, but they all share the lyrical intelligence and musical gift that has made Paterson one of our most celebrated poets. Addressed to friends and enemies, the living and the dead, children, musicians, poets, and dogs, these poems are as ambitious in their scope and tonal range as in the breadth of their concerns. Here, voices call home from the blackout and the airlock, the storm cave and the s<sup>h</sup>ance, the coal shed, the war, the highway, the forest, and the sea. These are voices frustrated by distance and darkness, which ring with the "sound that fades up from the hiss, / like a glass some random downdraught had set ringing, / now full of its only note, its lonely call." In 40 Sonnets, Paterson returns to some of his central themes—contradiction and strangeness, tension and transformation, the dream world, and the divided self—in

some of the most powerful and formally assured poems of his career.

### **Heroism in the Harry Potter Series** Katrin Berndt

2016-04-22 Taking up the various conceptions of heroism that are conjured in the Harry Potter series, this collection examines the ways fictional heroism in the twenty-first century challenges the idealized forms of a somewhat simplistic masculinity associated with genres like the epic, romance and classic adventure story. The collection's three sections address broad issues related to genre, Harry Potter's development as the central heroic character and the question of who qualifies as a hero in the Harry Potter series. Among the topics are Harry Potter as both epic and postmodern hero, the series as a modern-day example of psychomachia, the series' indebtedness to the Gothic tradition, Harry's development in the first six film adaptations, Harry Potter and the idea of the English gentleman,

Hermione Granger's explicitly female version of heroism, adult role models in Harry Potter, and the complex depictions of heroism exhibited by the series' minor characters. Together, the essays suggest that the Harry Potter novels rely on established generic, moral and popular codes to develop new and genuine ways of expressing what a globalized world has applauded as ethically exemplary models of heroism based on responsibility, courage, humility and kindness.

Christine Goetz 2020-02-05 For Ellen, faith was nonexistent until faith was all she had to cling to. After 24 years together, life partners, Ellen and Paul were married nine months before his passing to the spirit world. When treatments ran out for Paul's dreaded health issues, he

confided to Ellen that he was very tired of exotic drugs, daily doctor visits, and feeling terrible. He wanted peace and comfort. So together, they decided hospice was not the only choice but the best choice. Before making the transition to his final reward and eternity, they shared his time going over memorabilia, listening to favorite Big Band music, watching movies, laughing, and telling stories about seashells. Ellen read his Tin Can Sailor magazines aloud, and much time was spent in expressions of love. Ellen stood guard 24/7. Sadly, they were wrong to believe family and lifelong friends would be their support system. Instead, many angels in human form stepped in to give support, camaraderie, and comfort. Ellen, an outspoken believer in science, was presented numerous miracles; miracles that science could not explain. These miracles and the subtle comfort she felt through prayer led to a profound epiphany in belief. The smell of English leather permeating the night air"" Paul 's brother used

Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura.
